Signing up for the East Regional Symposium gives you access to leaders and experts who are providing critical services and or advance public policy and funding initiatives in some of the following: in child welfare, incarcerated parents, foster-care young fathers, poverty and economic development, education, health, child support and more.

A portion of all registrations will go to help children that live in orphanages. Your participation will give dynamic and cutting-edge training, professional development, credential/continuing education and help to give to children.
